Going Back to Our Core

Putting our core values into practice in everything we do

We know what an important job we have everyday before and after school as we help shape the children of our future. But what sets us apart from any other daycare or babysitter? Our core values. Our core values are what support our vision and shape our company culture. They are the essence of our principles, beliefs and philosophies.

WHAT ARE OUR CORE VALUES?

Safety We are serious about safety. Nothing is more important than the safety of our students. Our staff is trained to ensure that your child experiences a safe environment and our safety processes and procedures are designed to ease the minds of our parents.

Integrity We do what we say we are going to do, and are truthful.

THANKS FOR THE MANY ACTS OF KINDNESS IN 2018!

Kindness is one of the key values we teach as part of our character counts education. It helps lay a foundation of understanding for the children and shows that they are able to make a positive difference in the lives of others. In 2018, Ivy League and its families focused on giving back and practicing acts of kindness. We gave away after school scholarships to families in need. Thank you for helping make our toy drive a success!
